

St. Bartholomew's Church, Hints

Dear Friend and Neighbour

St Bartholomew's Church Hints, an appeal for Help please,

Following a recent review and works to the trees within our churchyard it has come to light through professional advice that the old Ash tree (the tallest tree covered in Ivy adjacent to the gate leading to the ford) is in the late stages of decline (ash die back). The tree is in danger of collapse and falling onto the Church and being an imminent danger to walkers going through the churchyard. The tree needs **urgent attention** to fell to a 15ft habitat stump, and we have received an estimate of **£2,850** to urgently complete the works required.

We are so grateful for the many donations and help we get from our friends and Neighbours, but we are reaching out again for help.

Can you please consider helping with any amount to help us keep our Church and the footpath safe. Literally "Every Little Helps" and every donation to reduce the burden will be a huge help to us.

For convenience we include our Bank Details below for any donations and please be assured that ALL DONATIONS AND YOUR PERSONAL DETAILS ARE KEPT CONFIDENTIALLY with our PCC Treasurer only.

If you are happy to, please indicate your name along with your donation which will enable our treasurer to claim gift aid which will add up to a further 20% to your donation.

We thank you again for your support and generosity to help us keep our Village Church as the pillar that it should be in our community,

ALL DONATIONS WILL BE KEPT STRICTLY CONFIDENTIAL TO OUR PCC TREASURER ONLY
